**GUNFIGHTER**  
 THE LEGEND OF JESSE JAMES™

#### **WARNING: READ BEFORE USING YOUR PLAYSTATION® GAME CONSOLE.**

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation® game console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

#### **WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

Do not connect your PlayStation® game console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

#### **USE OF UNOFFICIAL PRODUCT**

The use of unofficial products and peripherals may damage your PlayStation® game console and invalidate your console warranty.

#### **HANDLING YOUR PLAYSTATION® DISC:**

- This compact disc is intended for use only with the PlayStation® game console.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

#### **ESRB RATING:**

This product has been rated by the Entertainment Software Rating Board. For information about the ESRB ratings, or to comment about the appropriateness of the rating, please contact ESRB at 1-800-771-3772.

# Story

"Missouri Territories, 1870. With the newly appointed Governor giving a demonstration of his absolute power by ruthlessly enforcing Frontier Law, not to mention the desperate gangs of bandits moving north from Mexico in search of richer spoils, it's a hard place to eke out a living (and stay alive) for those caught on the wrong side of the judicial line. Most outlaws have packed their saddle bags and high-tailed it out of there before some marshal manages to stick a rope around their necks.

Two such outlaws are Jesse James and Cole Younger. With their respective gangs already moved on to the relative safety of the neighboring territories, all that keeps the boys in danger of being strung up by their necks is Jesse's love for a beautiful woman. Zee, Jesse's girl, works in a Saloon in the nearby town of Tuenola. So the boys saddle their horses and prepare to ride to Tuenola, with the intention of getting Zee to leave with them.

But Fate is feeling evil. Unknown to Jesse and his companion, Tuenola is under the control of the most feared gang in the West, led by the villain Jack Carson. And he's got ways with dealing with those who he sees as threatening his power. Very nasty ways....."

## Getting Started

**Loading a Game:** Saved data is automatically loaded during the startup sequence prior to the main menu. This is the only point within the game where loads are performed.

**Saving a Game:** The player's game progress, score, best times, and options are automatically saved after successfully completing a level within the story mode, arcade mode, or within a sub game if a new high score is achieved or a new level is opened. Options can also be saved by selecting "Save Options" from the options menu.

## Navigating the Menus

**To Change the Highlighted Menu Option:** Press the Up/Down directional buttons on a Standard Controller or the DUALSHOCK® analog controller or A / B on the Guncon™.

**To Select a Menu option:** Press the  button on a Standard Controller or DUALSHOCK® analog controller or the trigger on a Guncon™ controller.

**To go back to the previous menu screen:** Select the "Back" item at the bottom of the menu, or press the  button if using a Standard Controller or DUALSHOCK® analog controller or press and hold A + B + trigger at the same time if using the Guncon™.

## Main Menu

### Play The Story:

The player begins a new game, playing through each of the levels and starting the story with 5 continues. Each level is unlocked in the arcade mode after successfully completing the level in the story mode. A sub-game is also unlocked after successfully finishing a level within the story. The player completes the story when they successfully defeat Carson in the final showdown.

**Arcade Play:** Arcade levels are unlocked when the level has been reached in Play The Story. They allow the player to practice levels without having to play the story.

**Sub-Games:** Sub-games are unlocked after completing a level in the story. Each completed level in the story opens a new sub-game. Four of the sub-games are based on shooting targets in a set amount of time. The final sub-game is the showdown with Carson. The player has one bullet with which to shoot before Carson draws his weapon and fires.

**High Scores:** The high scores are the total scores gained from completing the levels in the story. The scores for each level completed are added together in order to provide a total score.

**Options:** Opens the Options menu. This can also be accessed in-game by pressing the  button.

# Options Menu

**Vibration:** Vibration: this option only applies if you are using a DUALSHOCK® analog controller. While using a DUALSHOCK® analog controller either the directional buttons or the left analog stick can be used to move the target reticle.

**Configure Buttons:** Allows the player to configure the in-game controls. The player has to press the X button on the function they want to reconfigure and then press the new button for that function. Selecting DEFAULT restores the default controls.

## Connect the Guncon™:

Connect the Guncon™ to the PlayStation® game console as shown in the diagram

**Calibrate the Guncon™:** Takes the player to the calibration screen. To calibrate the Guncon™, aim at the target in the center of the screen and pull the trigger. A cross will appear on the screen. If the position of the cross corresponds accurately with your aim, the Guncon™ has been calibrated successfully. If the cross does not appear in the correct position, repeat the process. When the Guncon™ has been calibrated press the A button to proceed to the next screen. See below for more information on using the Guncon™.

**Screen Adjust:** If using a Standard Controller or DUALSHOCK® analog controller use the directional buttons or the left analog stick to center the screen. Pressing the A button accepts the change and moves the user back to the options menu. If using a Guncon™ shoot at the arrows to center the screen and press the A or B button to accept.

## Sound:

Takes the player to the Sound options menu.

**Reverse Duck:** Selecting the reverse duck option changes the controls so that the user is automatically in the emerged position during gameplay. The button is assigned to emerge when this option is set to ON and assigned to hide when set to OFF (Default).

## Sound Menu

**Stereo:** Pressing the **X** button (or Guncon™ trigger) on the stereo option turns the stereo mode on and off.

**Music Volume:** Pressing the **X** button (or Guncon™ trigger) selects the slider allowing the player to alter the volume of the game music. Pressing **LEFT** or **RIGHT** (or **A** or **B** on the Guncon™) turns the volume up or down and pressing the **X** button (or Guncon™ trigger) returns the player to the sound menu.

**SFX Volume:** Pressing the **X** button (or Guncon™ trigger) selects the slider allowing the player to alter the volume of the game sound effects. Pressing **LEFT** or **RIGHT** (or **A** or **B** on the Guncon™) turns the volume up or down and pressing the **X** button (or Guncon™ trigger) returns the player to the sound menu.

## Information on using the Guncon™ Controller

The player can access the calibration screen through the options menu, which can be accessed in-game by pressing the **START** button or through the main menu. The user must calibrate the Guncon™ in order to be able to aim accurately. If a Guncon™ is not being used, the Calibration screen will not appear as the DUALSHOCK™ analog controller does not need to be calibrated.

To pause the Game: Press and hold the trigger and press the A button and the B button

## The Game

In the game, the player is automatically taken through the levels from position to position. At any position the player will be attacked by enemies, who are also capable of ducking and emerging. To progress to the next position the player must kill all the enemies attacking the player. Most enemies can be killed with just one hit, but certain characters like the bosses and Gatling gunners will take more hits to kill. These characters have a life bar which is displayed in the top left of the screen which will deplete as the player hits them.

The player must use caution, because not all characters in the game are enemies. If the player shoots an innocent character who is not trying to attack the player, they will have a small amount of time deducted.

The player moves through a level clearing each position of enemies until they reach the boss or bosses at the end of the level. As well as requiring more hits to kill, the bosses are generally more accurate and may have more complex behavior than the other enemies in the game. The player completes the level once they have fully depleted the life bar of the boss/bosses.

## How to pause the Game

The player can pause the game by pressing the **START** button on a Standard Controller or DUALSHOCK™ analog controller or by pressing and holding the trigger and pressing the A button and the B button all together. To quit out of the game, select **EXIT** from the Pause Menu.

## How to Reload: the Duck Position

The player can carry a maximum of 6 bullets in their pistol as displayed at the bottom right of the screen. When the player uses their last bullet, they must reload to begin shooting again. The player reloads by moving into the duck position.

While in the duck position the player takes cover and cannot be harmed. However, while in a ducked position the player cannot attack and therefore cannot progress through the game.

In full health, the player has four health points, represented by four ace cards displayed at the bottom left of the screen. The player will lose a health point if they are hit by an accurate shot or projectile (e.g. a bottle, knife, or stick of dynamite). For most of the game, the player will never lose more than one health point per hit, no matter who or what caused the hit.

When a health point is lost the player will see an ace card fly off the screen, and the number of ace cards is reduced by one.

The player may regain health points by shooting the health pickups which are scattered throughout the game. The player cannot have more than four health points at any one time.

Throughout the game, the player has a limited amount of time to play through each level. The remaining time is displayed at the bottom of the screen. If the player runs out of time they die just as if they had lost all their health points.

More time is awarded to the player at certain points in the levels. The message "Time extended" is displayed on screen to indicate this. The player may also gain extra time by shooting the time pickups scattered throughout the levels.

Also displayed underneath the player's remaining time is the time taken so far to play the level (on the right) and the quickest time the level has been completed in (on the left).

## LEVELS DESCRIPTION

There are 5 main levels, 4 standard sub-games, and the showdown level. When the player has completed the game they can replay the showdown from the sub-games menu.

### MAIN LEVELS:

- 1) **The Saloon** A typical Saloon in a frontier town, which is invaded by a gang of Mexican bandits. Carson and his henchmen also make an appearance.
- 2) **The Hanging** The area surrounding an old deserted church outside the town. The place is swarming with Carson's henchmen, headed by Teddy "The Rat" Griswald.
- 3) **The Mine** A disused gold mine now occupied by a gang of Mexican bandits led by the renowned Ramon Rojo.
- 4) **The Train** A speeding train heading towards Zee, who has been tied to the train tracks. Jesse must fight his way through the train to the engine.
- 5) **The Town** Back at the town. Jesse must fight his way to Carson's house.

### THE SHOWDOWN:

- 6) Jesse must draw against Carson outside Carson's house.

### SUB-GAMES:

- 1) **Cowboy Carnage** The player must hit all of the metal cowboys popping up, in the time given.
- 2) **Bottle Blast** The player must hit all the bottles in the time given, avoiding the poison bottles which, when hit, will lose the player time.
- 3) **Target Take Down** The player must hit all the targets in the time given. The player has limited bullets, as displayed on screen.
- 4) **Rolling Rampage** The player must hit all the cowboys on horseback, avoiding the friendly wagons which, when hit, will lose the player time. The player has limited bullets, as displayed on screen.

## In-game Pick-ups

### Tin of Beans

Shoot the tin of beans to restore one ace card to Jesse's lives. If Jesse already has four aces the beans cannot be shot to gain extra lives.

The pocket watches, when shot, give Jesse extra time. The time awarded for each watch is displayed on screen.

### Wanted Poster

Jesse James Wanted posters can be shot, giving Jesse one extra continue per poster.

### Pocket Watch

## JESSE'S WEAPONS

### Six-shooter

Jesse's main weapon throughout the game. Jesse's six-shooter is an accurate pistol containing, as its name suggests, six bullets. When the chamber is empty, after all six shots have been fired, Jesse must reload by moving into his ducked position. He reloads automatically when hidden. Jesse always comes prepared for a gun fight, and there is no limit to how many times he can reload.

### Gatling Gun

Throughout most of the game, Jesse will be using his six-shooter pistol to dispatch his enemies. At certain points however, if Jesse clears an area where there is a Gatling gunner with a fixed gun emplacement, he will then jump behind the gun itself and turn the lead spitting cannon on his enemies. Due to the heavy nature of the gun, Jesse needs to use both hands to wield the steel beast and cannot duck while using the Gatling gun, so be sure to target the most dangerous enemies first. The Gatling Gun has an enormous supply of ammunition - there is no need to reload and no fear of the gun running dry. Once all enemies in the area have been eliminated Jesse moves on, returning to his six-shooter. Because the Gatling Gun is big and heavy, its movements lag behind the standard aiming cursor.

### The debriefin

#### Screen

When the player finishes a level or a sub-game they are taken to the debriefing screen. Here they are given a score calculated from both the time they had remaining when the level was completed and their accuracy. To improve their score, a player should attempt to make their way through the levels as quickly as possible and wasting as few bullets as possible. The debriefing screen also displays the time taken to complete the level and the quickest time the level has been completed in.

If the player gets a score good enough to get on the High Score table they will be prompted to enter their name, and their score will be saved on a MEMORY CARD. If the same MEMORY CARD is present, the high score will be loaded automatically the next time the player starts the game.

## Characters

Jesse James

Legendary Outlaw and Gunslinger, and the hero of the game. When his girl is kidnapped by bandits, Jesse immediately goes to her rescue. Little does he realize the enormity of the task in front of him, or the price he and his friends will pay.

Cole Younger

Fellow Outlaw and life-long friend of Jesse. Always willing to sacrifice everything for his friend, when Jesse walks into danger Cole is always right there beside him.

Zee

Saloon girl in the town of Tuenola. She has known both Jesse and Cole since her childhood, and with Jesse this friendship has blossomed into something more.

Gatling Gunner

These heavily armored members of Carson's mob can be found either stationed behind one of their huge, mounted, lead-spitting Gatling guns or wildly shooting up the streets with the smaller and portable, but still very deadly, versions of their favorite weapon.

## Characters

Carson's Henchmen

These are the lieutenants of Carson's boys. Deadly accurate with their rifles, even from a great distance. If Jesse encounters them he will be in a whole world of trouble.

Teddy "The Rat"

Griswald

No one knows where or how the head of Carson's Henchmen got his "middle" name, but no doubt it has something to do with his repugnant personality. And like his subordinates, the man has such skill with his rifle, it's as if he was born with one in his hand.

Ramon Rojo

This tequila-drinking Bandido leader has a whole army of desperate Mexican bandits to ensure that he gets exactly what he wants. But, should they fail him, he has his own remarkable skill with twin six-shooters to fall back on.

Jack Carson

An ex-Marshall (he lost his badge through corruption), turned outlaw. Hearing that the leaders of two prominent gangs (The James Gang and The Younger Boys) have just strolled into his town, Carson hatches a nasty surprise for Jesse and Cole. One that, when both are dead, will serve as a fearful example to all who would challenge his power.

## Ubi Soft Limited Warranty

Ubi Soft warrants to the original purchaser of its products that the products would be free from defects in materials and workmanship for a period of ninety (90) days from the date of purchase. Ubi Soft products are sold "as is", without any expressed or implied warranties of any kind, and Ubi Soft is not liable for any injury or damages of any kind resulting from use of its products. Ubi Soft agrees for a period of ninety (90) days to either replace defective product free of charge provided you return the defective item with dated proof of purchase to the store from which the product was originally purchased or repair or replace the defective product at its option free of charge, when accompanied with a proof of purchase and sent to our offices postage prepaid. This warranty is not applicable to normal wear and tear, and shall be void if the defect in the product is found to be as a result of abuse, unreasonable use, misrepresentation or neglect of the product.

### Limitations

This warranty is in lieu of all other warranties and no other representations or claims of any nature shall be binding on, or obligate Ubi Soft. Any implied warranties applicable to Ubi Soft products, including warranties of merchantability and fitness for a particular purpose, are limited to the ninety (90) day period described above. In no event will Ubi Soft be liable for any special, incidental, or consequential damages resulting from possession, use, or malfunction of Ubi Soft products. Some states do not allow limitations as to how long an implied warranty lasts and/or exclusions or limitations of incidental or consequential damages. So the above limitations and/or exclusions of liability may not apply to you. This warranty gives you specific rights, and you may also have other rights that vary from state to state.

### Notice

Ubi Soft reserves the right to make improvements in its products at any time and without notice.

### Refunds

Ubi Soft cannot provide refunds or otherwise process returns for credit of any kind other than an identical product replacement. Any product refund request must occur in the place of purchase, as the individual retail outlets set their own refund policy. This policy covers identical product replacements only.

### Product / Documentation Replacements

Please contact Ubi Soft Technical Support before sending your product to us. In many cases, a replacement is not the best solution. Our support representatives will help you determine if a replacement is necessary or available.

Within the 90-day warranty period:

Please return the product (media only) along with a copy of the original sales receipt, showing the date of purchase, a brief description of the difficulty you are experiencing including your name, address and phone number to the address below. If the product was damaged through misuse or accident, or if you do not have a dated sales receipt, then this 90-day warranty is rendered void and you will need to follow the instructions for return after the 90-day warranty period.

After the 90-day warranty period:

Please return the product (media only) along with a check or money order for the amount corresponding to your product (see replacement fees below) made payable to Ubi Soft, a brief description of the difficulty you are experiencing including your name, address and phone number to the address below.
